EXPERIENCE

Steel Strips Wheels Ltd, Chennai — Trainee, Tool Room

Dec 2016 - April 2018

Joined as an intern, traveled all over India, made a significant difference by designing for manufacture of critical spares in-house, which reduced the cost by 50% compared to importing the spare.

Sigma precisions, Hyderabad — Junior Engineer

August 2018 - June 2019

Used the experience gained in SSWL Chennai and implemented few processes under workshop to reduce the maintenance cost by 25% PM

Arts was always my passion & I pivoted my career to arts & film technology.

Vijayeesam & Co, Hyderabad — Motion Graphics Artist

July 2019 - October 2020

Working with Vijay Eesam has given me good exposure to the industry of films. I have picked up a few problem statements & solved them using the technology and resources available to increase the efficiency and productivity of the whole team with cross functional leadership.

Occult Studios, Hyderabad — Founder

october 2020 - present

STRENGTHS

Problem solving

Solved a few problems for my previous employers which had made a significant difference in their workplace management. I believe growth is directly proportional to the number of problems solved

Versatility

I'm a fast learner, I can easily challenge myself to learn new workflows and new tools, this had helped & will help me to face the changing world of technology

Open-Minded

Adaptive to change / Mold myself according to people around me, to fit with the people i'm working with.

Results Driven

In order to be an efficient employee, metrics are very important. I Set & work on Daily, Weekly, Monthly targets to meet the demand of clients

HOBBIES

Dance and Run when I need an endorphin rush.

Fitness has always been my go to activity, I burn some calories to be in shape and keep my mind active

Books when I'm About to sleep

My interests are aligned towards Business, Biography, Money
